

Service Billing & GL Accounting, Built for How You Actually Work

Invoices, receipts, supplier payments, and a full double-entry general ledger — in one connected system, with a live audit trail on every transaction.

EVERYTHING YOUR BACK OFFICE NEEDS

1

Service Invoicing

Multi-line invoices with per-line purchase, sale & agent commission, contract & validity tracking, and one-click PDF/Excel.

2

Receipts & Supplier Payments

Cash, cheque and post-dated cheque (PDC) tracking with automatic clearance alerts.

3

Full Double-Entry GL

Journal, Cash Payment/Receipt, and Bank Payment/Receipt vouchers, each auto-numbered and balance-checked.

4

Financial Reporting Suite

Trial Balance, Profit & Loss, Balance Sheet, customer/supplier ledgers — exportable to PDF and Excel.

5

Role-Based Access Control

Fine-grained permissions per role, down to Create/Edit/Approve/Print/Void on every document type.

6

Complete Audit Trail

Every create, edit, approval and void is logged with user, timestamp and IP — searchable and exportable.

WHY TEAMS SWITCH TO SERVICESAPP

✓

One System, Not Five Spreadsheets

Invoicing, receivables, payables and the GL stay in sync automatically — no manual reconciliation between tools.

✓

Nothing Happens Off the Record

Every action is attributed to a user and timestamped, so month-end review and audits are fast, not stressful.

✓

Fits Your Numbering, Not the Other Way Around

Document formats and decimal precision are configured in Settings — no code changes, no vendor ticket.

✓

Your Data, Protected

Role-based permissions plus one-click backup mean the books are both controlled and recoverable.

See it running on your own data.
